Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Thursday 18 Feb 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Dry for most before a wet and windy Friday.

This Evening and Tonight:
Largely clear with isolated showers this evening for western areas. Remaining dry with cloud thickening overnight and rain arriving in the west by dawn. Strengthening winds with coastal gales overnight. Minimum temperature 5 deg C (41 deg F).

Friday:
A wet day with prolonged rain arriving in the morning and persisting throughout, heavy at times especially over Dartmoor. Mild though strong winds and coastal gales. Maximum temperature 11 deg C (52 deg F).

Outlook for Saturday to Monday:
Further persistent rain, locally heavy, for most on Saturday. Staying wet on Sunday before clearing eastwards by the evening. Clear and dry on Monday, turning cloudier overnight. Mild throughout.
